COMPARISON OF ESTIMATIONS

ESTIMATOR

mobile app PART 6

Nowadays it is very difficult to live without a tool like a mobile phone. Sometime ago we decided to exist also in mobile phone space.

Comparison of Estimations

In this chapter we will present the step by step guide for the estimation- based on the average price indices EXTENSION SINGLE STOREY. Compare it with the estimation described in our last issuebased on norms and coverage EXTERNAL INSULATION RENDER SYSTEM.

START TO ESTIMATE

CUT HERE AND SAVE

In **step 1** choose Estimate. The following guide will be based on Extension – single storey, flat roof.

In **step 2** select all sections relevant to your requirements. Press **NEXT** to continue.

In **step 3** click **GO** to select the relevant subsections for each category. Press button **NEXT** to **SAVE** your selection.

In **step 4** SET required details - input the measurements. You are also able to set the discount level for your calculations for materials purchases in IBB Polish Building Wholesale for either client or builder. Press **NEXT** to continue
