# Fourth edition of The Summer Youth Competition

**In 2006, Eagles were the only Polish football club in the UK and the only Polish team who competed in english league system. However over the last few years, many more appeared on the British market.**

We decided to create an event through which we could deepen cooperation and bring Polish football environment to raise the level of skill. The tournament was therefore an excellent opportunity. In 2013 we initiated the annual editions of the Summer Youth Competition which was attended by 160 children. The following year there were already 330 participants. Last year was the most successful as the record raised to 560 young football adepts from eight football clubs and three Polish Saturday schools. We are very proud of the fact that from year to year our tournament attracts a growing number of young football aspirers.

We are satisfied with the attendance and that our work has been noticed by our sponsors, Polish media and also by many companies and organizations. Without their support our success would had been impossible to achieve. Until now, these were typically Polish events, but this year we went one step further and we sent invitations to English clubs.

Our goal is to make the tournament a prestigious and prided event for children, not only among the Polish community, but also among the English clubs. This year's fourth edition of the Summer Youth Competition will take place on June 12th, Cranford Community College, High Street Cranford TW5 9PD. We warmly welcome.
